THEATRE SPECS

SEATING CAPACITY

Main Listening Room: 150 seats

Additional seating with opening of Modern Fold acoustic partition: 90 seats Total:
240 seats

STAGE DIMENSIONS

28 feet wide x 12 feet deep x 2 feet high

(with 2' extensions on sides, downstage)

Additional wing for grand piano when not used

LOAD-IN

Load-In

Most artists with one or two loads find it convenient to park in our main parking lot at the rear of the building, where our show entrance is (use kitchen entrance if show entrance is closed). Dedicated TCC load-in street parking (70') is on Veterans Place, right next to the load-in door, which is next to the stage. No need to move for the night. For load-in door access, first enter our service entrance at the rear of the building; or call 845-855-1300 when you arrive (we cannot leave this special entrance open). There is a stage ramp for ultra-heavy equipment stored under our stage, near the stage load-in door.

DRESSING ROOM

Dressing room is adjacent to stage with private bathroom.

INTERNET

In-house high-speed wi-fi internet available throughout building. Password is posted just inside the dressing room.

STAGE LIGHTING

16x Lumin Lights Mini Q710 (7x10 watt quad chip LEDs, RGBW)
7x Lumin Lights Ogre Bar 16 (RGB strip lights)
myDMX 2.0 software controller running on Dell 22" integrated touch screen (with numerous program presets)
